GREENLINES

Background

- Greenlines has been published since 1996 – serves as an important source of information on the working group and environmental auditing issues
- Issued twice each year – Jan/Feb and again mid-year
- Distributed by email and available on the WGEA website
- Past editions are also available on WGEA website

GREENLINES

Types of Articles

- Message from the Chair of WGEA
- Feature Story – detailed story about a major environmental audit, innovative audit methodology, or capacity building
- WGEA News – summaries of recent meetings and announcements about upcoming events
- News Briefs – short articles from SAIs that describe ongoing or recently completed audits
- Feature Extra – published every 3 years, provides summaries of final guidance and research papers

GREENLINES

Upcoming Edition

- To be issued in early 2017
- Please submit News Briefs by November 30 to Barb Patterson at pattersonb@gao.gov
 - News Briefs should be 1 to 3 paragraphs in length (about 250 – 350 words)
 - Unfortunately, we cannot accommodate graphics in News Briefs
- Please feel free to also send Barb any ideas for Feature Stories
