

Rio+20 project and information about the UNEP World Congress

Agenda Item Overview

The project leaders of the paper *Improving National Performance: Environmental Auditing Supports Better Governance and Management*, SAIs of Canada and Brazil will present the process and development of the project. Additionally, the Secretariat of the WGEA will make a wrap up and share the experiences of the World Congress on Justice, Governance and Law as well as the Rio+20 conference held in June 2012.

Enclosure

- Improving National Performance: Environmental Auditing Supports Better Governance and Management (Brazil, Canada)
